The total entries to the Futurity of 1897 up to noon were 520, and for the Double Event 149, an increase of sixteen over last year. These figures speak volumes.

"The Evening World" presents below the entries of the most prominent of the horse-owners in the Great Trial Stakes for this year. This stake is worth \$20,000 to the winner. The entries have for the most part been duplicated in the Double Event, value \$10,000.

It will be noted that in the entries from the Morr. Stable the name of John A. Morris does not figure. The entries are made in the name of two sons, Hennen and David. This may be taken as an indication that the elder Morris has retired from racing entirely.

Following are the entries to the Great Trial. Those of the horses marked thus are also entered in the Double Event.

This is all the more significant, because a few weeks ago Mr. Clark was one of those who ridiculed the idea of
